## Job Description: Welder

Welcome to the official Stock Manufacturing & Design (SMD). We would like to thank you for taking the time to stop by and we invite you to take a look around. We offer some of the most technologically advanced services in the sheet metal fabrication arena, including: Laser Cutting, Powder Coat Painting, and much, much more.

### WELDER

Functional Area: Technical and Production

Position Type: Full-Time, Non-Exempt (Hourly)

Experience: 3-5 Years

Location(s): Cleveland, OH & West Chester, OH

Relocation Provided: No

Send Resume and Compensation requirements to: [careers@stockmfg.com](mailto:careers@stockmfg.com)

### Position Description

\*\*\*1<sup>st</sup> Shift Opening\*\*\* Hours: 5:30am-4:00pm M-Thursday. ; Mandatory (when scheduled) overtime on Fridays.

\*Operates metal fabrication equipment in compliance with company operating procedures using MIG welding processes. (TIG only a bonus, not required)

\* Produces a variety of parts from shop drawings according to specification.

\* Reads and comprehends blueprint and welding process specifications.

\*May operate metal shaping machines such as brakes, shears and other metal straightening and bending machines.

\* Moves between production assignments that utilize multiple skills as needed to support production requirements.

\* Responsible for observing all applicable safety requirements and immediately reporting any unsafe practices/conditions.

\* Plasma cutting

### Position Requirements

\*The work requires you be able to read and understand a router which details what needs to be completed on each part. All Routers are in English so understanding and writing in English is a requirement in order to complete the tasks at hand.

\*Thorough understanding of tool design, fabrication methods and processes.

\*Working knowledge of related company instructions and processes.

\*Experience using measuring tools including a tape measure and calipers.

\*Ability to work independently for extended periods of time.
